PRAYER CHAPEL A REALITY

Construction to begin Spring '78

All students require a time and a place for meditation and reflection. But such a time and such a place is difficult to find on Olivet's campus. The proposed Prayer Chapel-fast becoming a reality, will provide these needs for students.

The project began as a brainchild of the class of 1976 and has since undergone some notable changes. It is now under the auspices of Student Council in conjunction with the Alumni Assoc-

iation. Both its location and architecture have been altered from the original proposal. Plans now are for a building of Williamsburg Colonial design that would be adjacent to Ludwig Center. This would allow for better security measures and greater convenience to the Student Body.

The outside entrance to the building will be landscaped with a small garden surrounded by a serpentine wall. In

addition to the outside entrance there will be a glass walkway connecting the building to Ludwig's Formal Lounge. Details on the interior will be decided upon by the Council at a later date. However, to add interest and beauty, a three-dimensional mural will adorn the inside front wall.

The building will seat 82 people-enabling it to accommodate Bible studies, prayer meetings, and even weddings.

Funding for this project will come from many different sources. To date, Student Government has raised nearly \$9,700 and hopes to double that amount. The increase in the Student Activity Fee will also go to fund the Chapel. The Alumni Association will also contribute by undertaking this project as their fund raising drive this year.

Cost of the chapel was originally projected to be in the neighborhood of \$145,000. However, with

the changes in design and location, the cost was reduced to \$95,000.

Groundbreaking may begin as soon as \$50,000 is raised, Dr. Parrott has expressed a desire to begin construction in early spring in hopes of a dedication at Homecoming, 1978.

Thus, with the completion of these plans Olivet students can look forward to a place of privacy to reflect upon their spiritual needs.

Architect's Rendering of Prayer Chapel

Editorial

"Education with a Christian Purpose." This motto has been the guiding theme for Olivet since its inception, continues now as before. Continuing in this tradition the students and administration have realized the need for a student Prayer Chapel.

Two years ago the students voted an increase in their activity fee for the funding for a new Prayer Chapel. Many thought the original plan to be extravagant and costly. An evaluation of needs and cost has brought us to this newly proposed and approved design.

The Student Council and Administration should be commended for the wise choice in design, placement, and meeting new cost objectives.

The new Prayer Chapel will provide the ONC student with a private and quiet setting to have personal devotions. This is a facility that has been much needed and will help reaffirm our commitment to "Education with a Christian Purpose."

mini-news

John F. Abraham

Rumors continue to circulate that Pope Paul VI will resign the Papacy of the Roman Catholic Church due to advancing age and ill health. On September 26, he marked his 80th birthday and he has suffered from a variety of maladies for the past several years. It is also suggested that the controversy over contemporary church policy and programs has weakened his physical state. Official church sources in Vatican City vehemently deny these rumors and label them as being scurrilous. While the resignation of Pope is not unprecedented, it has not occurred in modern history.

The alliance of the Socialist Communist and Radical Leftist Parties in France apparently now verges on the point of disintegration. Forged five years ago, the "Alliance of the Left" was favored to win a scheduled for next March. The key issue over which the various parties disagree appears to be the one with regard to nationalization of business and industry. The Communists wish to nationalize a thousand firms, while the Socialists favor government seizure and operation of only a hundred major industries. This political development in France should be an encouragement to the parties of the center and the right.

Most political observers are in general agreement that the Bert Lance Affair has effectively eliminated the "Mr. Clean" image of the Carter Administration. The Carter campaign slogan "Why not the Best?", returned to haunt the President. For it was he and he alone who set the tone for the current administration by demanding that all public officials subscribe to the highest moral and ethical code of conduct. This Mr. Carter did not do, as may be noted in public testimony. In point of fact, his banking practices, previous to assumption of office, must be reated as most unethical, for he used his position as a bank officer to his own personal advantage and enrichment. It is beyond belief that the President could not have known of this sorry state of affairs, as Mr. Lance was a close friend and advisor of the President for many years. And yet, one would almost think that the announcement of the Lance resignation was almost an obituary notice, as Mr. Carter fought off tears while reading it.

There are indications that the doffee boycott is having an effect on producers. Columbia, the second-largest coffee producing nation in the world, has called upon other coffee producing countries to voluntarily drop their prices. The fear is that people may gradually develop the habit of drinking other beverages, instead of coffee, as an economy measure.

TRUTH IN CONCERT

TRUTH gives more concerts and travels more widely than any other contemporary gospel music group in the United States today. The Viking male chorus is proud to announce that they are sponsoring TRUTH in concert for the fourth consecutive year.

The concert will be held on Monday, October 3, at 8:30 p.m. in Chalfant Hall on the campus of Olivet Nazarene College.

Because of the extremely high musical and spiritual standards of this group, the Vikings are making it possible for the Olivet students and

anyone else to attend for the reduced cost of \$3.50 at the door and \$3.00 in advance. The tickets may be purchased from any Viking male chorus member.

The Vikings hope that TRUTH will provide a meaningful experience for all who attend the concert.

NIELSON and BROSTOFF RECITAL

Stephen Nielson and guest violinist, Arnold Brostoff, present a recital of outstanding violin and piano music this Friday, September 30, at 8:00 p.m.

Three romantic-era works by German composers will be featured: Beethoven's 4th

Sonata, Schubert's Sonatina in D, and the Brahms 3rd Sonata. The works are considered definitive chamber pieces, and are milestones in the evolution of chamber-music writing.

Both Mr. Nielson and Mr. Brostoff have returned recently from trips to the Far East. Mr. Brostoff toured Japan in June

with the Chicago Symphony, of which he has been a member since 1964. Mr. Nielson, artist-in-residence at Olivet, returned September 14 from a solo recital tour of Japan and Hong Kong.

The program, in Chalfant Hall, is free of charge.

FRESHMEN CANDIDATES

Election Wednesday September 28

President

I'm Duke Camp I will be running for the office of Freshman class President. My major in school is Religion. I am from Cory, Indiana and graduated from Clay City High School.

So that you will know that I am concerned about people I can tell you of positions which I held during my senior year. They were: President of Bible Club, Secretary of Varsity Club, Editor and Chief of Yearbook, and I also wrote an article in the local paper on school news each week.

There were 79 students that graduated in my class. Over the three years that I attended Clay City my classmates and I became close to one another, and we learned to share our problems. Our class is small enough in size to conquer any problem, because I have faith in our class. If I am elected President I will do everything possible to help it operate the way we want.

You may hear alot about the issues, but not from me, at least, not yet. I feel that instead of worrying about old issues, we should wait until we have our own to worry about. We are a new class and a new class will have new and different problems of our own.

We, the Freshmen class of Olivet, have a great deal to be thankful for! We are very fortunate to be part of a Christian school such as ours.

If I am elected President I will do everything to the best of my ability to run our class in a Christian way. If I do not gain your vote, how about your friendship?

Qualifications: G.P.A. 3.81, National Honor Society, Hoosier Scholar, Nominee for National Hugh O'Brien Leadership Foundation, Northwest Indiana District N.Y.I. Representative, Member of Illinois District Bible Quiz Team, #1 quizzer for Northwest Indiana Bible Quiz Team two years in a row, Member of 1977 Olivet Regional Bible Quiz Team, Local N.Y.I. officer.

Major-Pre-med.

Many people have asked me why I would like to be President of the Freshmen class. Why not? The job needs fresh air and sunshine. That's what I propose to give it. We don't need a hit or miss Presidency, but we do need an easy, well ordered relationship between class members and the President. What is so mysterious about a functional, but yet more importantly, a livable administration. An administration that you

can get involved in? When was the last time in your high school career that something you contributed got lost in the scuffle of similar suggestions and differing ideas? Now you can have your say, and be respected for it. Principles of an ordered house, balanced budgets, active committees and a fun filled year can be boiled down to two things—effective organization and common sense. That's what I have to give you.

As President, I will work strongly along four major areas: financial organization, total involvement, complete communication to students, and finally, but most important, spiritual awareness.

Financial Organization: This one area could be the difference between an active or a non-active freshman year. The freshman class, of course, has a budget, but it can only go so far. That's where fund raising activities come in. With proceeds from these, we can supplement activities, like: special speakers, parties, banquets, talent shows, a Freshman retreat, etc. Also in the works, are the possibilities of concerts with different groups and singles such as the

Regeneration Singers and Dave Boyer. In order to have these things and many more, financial organization is very important.

Total involvement: This topic is almost self explanatory. You only get out of life what you put into it...and that will be the case with the Freshman class. We want you to PARTICIPATE. We will do our best to give you every opportunity to get involved.

Student awareness of activity: Too many times an activity is planned, but for some reason there is a lack of communication as to where and when it is going on. Sometimes, people just want to ask questions as to what the officers are doing. My plan to keep everyone well informed, besides that of posters, is to have a table in the foyer or lunchroom with an officer there during all lunch times, with all the information that you might want or need.

Spiritual awareness: The social life of the freshman class is very important. But, on the other side of the coin, the spiritual life of the Freshmen class is just as important if not more so. When it comes to extra-curricular activities, our priorities will be straight. My goal is to keep an equal balance between spiritual and extra-curricular activities. As I said before, we are striving to have the first Freshmen class retreat. In addition, I have already gotten a strong recommendation towards having one or two Spiritual Strengthening weeks in chapel. Here we would supply the speaker and the music.

I want your ideas and suggestion. But, until I get them, I want you to know

that we have a lot of things already planned. I have done my homework concerning class president. I am ready to go to work for you, NOW! Remember, you won't get a second chance; so think it through before you make your final decision.

The qualifications of a good president should be: 1. a good leader 2. open minded 3. able to work with others 4. fair and just 5. a good organizer 6. a good Christian with God leading the way 7. responsible.

Though I could claim to have all of these excellent qualities sometimes saying it doesn't prove it. In the past I have been 8th grade class secretary. But to leave it here is still not enough proof. For two years I've had the honor of being elected as a delegate to our District N.Y.I. Assembly and I was priveleged to be Vice-President of N.Y.I. for one year. I have also served on various nominating committies. I think the best thing that ever helped me was being allowed to direct and preach at a Nursing Home. Though it was only for eight months my spiritual life was lifted to a height I have never seen. Thank you for taking the time to read this. May this not be a popularity election but an election for the most qualified person. I hope and pray that through the grace of God this will be the best year that any Freshman class has seen. God Bless You!

Vice President

Hi, my name is Mark Holcomb. I'm from a small town in Michigan that nobody has heard of. The name is Reed City. Am I right?

Anyway, I'm running for Freshman Vice-President.

I talked to Steve Johnson, Social Vice President of the student body, and asked him just what a V.P.'s jobs would be.

He told me that the main responsibility of the class V.P. is the supervision of the Homecoming float. He must also think of fund raising ideas for the class.

I feel that I am well qualified for both of these jobs. The class at my high school took first place in floats my Soph. and Junior years. I was also the treasurer and Senior class representative of the Student Council as a senior.

I will also work for you and make committees of you, the class, in hopes of getting everyone involved. I will also try to help the President in any way possible.

I will make no promises, because this is my first year here, and I don't know how much say I have; therefore, I wouldn't want to make you mad by breaking promises.

I close in saying, if you vote me in, I will do all for the class that I can. This can only be possible through your help and support.

Kathy Palmer, majoring in Elementary Education is running for Vice-President of the Freshman class.

She feels that she is adequately qualified for the position due to her active participation in the following

organizations: 1. Journalism Staff-editor; 2. Student Council Representative; 3. Pep Club-treasurer; 4. Outdoor Club; 5. Girl's Athletic Association-secretary; 6. Pom Pom Girls; 7. Spring Musicals; 8. National Honor Society; 9. Student teaching; 10. Library Club-Vice President.

Kathy will do everything humanly possible for her class and would really appreciate your vote for her on election day. Thank you.

I am a graduate of Winona Senior High School; Winona, Minnesota. I graduated in the upper 15% of my graduating class, with a grade point average of 3.3. I was a three-year member of Pep Club, Spanish Club, and French Club. Also, I was a one-year member of The National Honor Society, The Debate Team, and Choir. I performed in four All-School Theatrical Productions. I was elected float-designing Chairman for Homecoming. I was in Student Council, and enjoyed being active in class activities and organizations.

I am also a member of The Winona Church of the Nazarene. I served as 1975-76 N.Y.P.S. Treasurer, and 1976-77 N.Y.I. secretary. I was honored by being elected 1976-77 Teen Member at Large of the Minnesota District.

I am a Commercial Arts major, with a minor in General Education. I am looking forward to the coming year with great anticipation, and hope to become greatly involved here. I am thankful for the opportunity of attending Olivet Nazarene College, and for the growth it offers me; not only mentally, but spiritually, on an educational level.

I feel my greatest qualification is my desire to work in serving our Freshman class; as much can be accomplished through dedication. I believe we need someone with new ideas and imagination. Someone to plan activities. Someone who has real qualities of leadership. And, someone who works well with others. In this position, I would do my best to fill the needs of the

student body, by making myself available. I believe we need a student government that is willing to put forth great effort in making our 1977-78 Freshman year one to remember.

Secretary

Hi, My name is Lori Domagalski. I am running for Freshman class Secretary. In the past I have been actively involved in Church and school activities. I have been involved in high school student government. I have helped in organizing Church youth activities, I was a cheerleader for our

church basketball team and have helped in organizing fund raising activities. I was also involved with the Joliet Christian Youth Center. I am willing to participate actively and listen to every suggestion. I want to see our Freshman class succeed.

Although the school year has not been long enough to enjoy getting to know all of the Freshman class, it is my desire to know and serve the student body of ONC. I am more formally known as Valery Joy Garton and hail from Three Rivers, Michigan. I prefer the name Joy. As secretary I would want to use the opportunity to be a better witness for the Christ of my life, who gives me JOY. Wanting to be involved in the student affairs of Olivet, I am a PK, a "southpaw", who is willing to take on a new challenge.

While wanting to be of service to others, my desire to become secretary of the Freshman class is not the first time that I have been active in student government. While serving as secretary of my senior class in high school, evidence of my ability was displayed in committee work detail.

During my high school years I was a member of the marching band, the orchestra, tennis team, forensic and speech teams. My tennis partner and I were conference winners and played in the regional finals. Some of my oratorical

presentations have won certificates and trophies of accomplishment. At ONC I am presently active in similar activities. As an organized person, I will want to serve the Freshman class well.

Linda Sievert, running for Freshman class secretary.

Leadership Qualifications: Sophomore class secretary, Junior class Vice-President, National Honor Society chapter President, Girl's State American Legion Representative.

Secretarial Qualifications: Business awards, took minutes of School Board meetings, spent summer as executive secretary to National Company Target Enterprises for vice-president, Co-Editor for High School paper.

As I am campaigning for secretary of our Class of 1981; I, Alicia Pfaff, would like to tell about some of my background information and also my qualifications for this position of class secretary.

Martinsville, Indiana is my hometown, where I am also a member of the Martinsville First Church of the Nazarene. Here at Olivet, I am majoring in English with a music minor.

Other than smaller organizations and committees, I was secretary of the Senior Planning Board in Bloomington, Indiana for two consecutive years.

In the recent past I was also secretary of my local 4-H Club for approximately 3 years.

In my local Nazarene Youth International group I was Vice-President for half a year and I was President for one year and a half.

One of the greatest honors which I was extremely excited to get was that of Editor-in-Chief of my High School newspaper this past year. I was also co-editor of our school's literary magazine.

However, above all qualification's, the main qualification for any office or position should be a full Christian experience, which I testify to.

Remember, a vote should always be prayed about completely, before that vote is ever made.

Thank you for showing your interest by reading this. Whoever is elected, let's get behind them and support them all the way. Let's show everyone that our class is the best Freshman class ever.

Treasurer

Brian Beatty is ready to take on the responsibilities of Treasurer. He has always been active in student government in High School and has held positions in his church's government. He feels that he has the ability to do the best job possible in handling the Freshman class finances this year.

In High School, he was treasurer of recreation activities. He worked on various committies and helped plan the financial affairs of many events. He majored in business. He was privileged to receive the "Merit of Achievement Award," proving that he will get involved and use his abilities to be heard.

In church, he was president of his Senior High class, Vice-President of N.Y.I., and was chairman of Social Activities. He has a knowledge of how government works and can use this knowledge to plan the various ways finances can be put to their best use.

He has been employed in the accounting department of an insurance company for two summers, and knows how to keep accurate records.

Brian is majoring in business here at Olivet. He hopes to own his own business someday. He has the knowledge needed for the management of money. So, "Better Bet Beatty" because Beatty is Best. Vote him treasurer!

Pam Ewing is seeking the position of Freshman class treasurer.

Pam gained experience in high school when she was class treasurer. She is also familiar with the bookkeeping of her church's finances. She has also had a strong background in Mathematics. If elected, she fees that she can do a good job.

involves handling of the funds, the work of the treasurer also involves being active in other activities. In high school Pam was in French club, History club, Choir, National Honor Society, and Who's Who Among American High School Students. She participated in many activities, but she also found time to study. Her efforts paid off when she received the award of Salutatorian of her class.

Pam has also been active in her church. She has been secretary of her local N.Y.I., and she has held various other positions in her church. She has always been a leader. She has enjoyed being very active on her district, and is experienced in planning activities for both school and church groups.

When you vote for Pam Ewing, you are not only voting for a good treasurer, but a good leader.

Shirley French

Qualifications for the office of Treasurer:Leadership-I held secretary/treasurer office for our teen group. I held an office for N.Y.I. I was a member of the National Honor Society. I was secretary of the Student Council. I was a teen officer in our 4-H group.

Mathematical-I majored in math in high school. I recieved the math award for our senior class. I am taking accounting in college. I've kept an accurate record of my own personal spendings for the last two years.

My name is Sandy Ware, and I'm running for Freshman class treasurer. I feel that I have the qualifications to be treasurer since I was in Student Government all through high school, and have had the experience of being my class president. I worked on the school newspaper and was involved in various other clubs.

I was very active in my church youth group and at the Christian Youth Center. I was in charge of fund raising activities within my youth group and for our church cheerleaders.

I'm willing to try my hardest to serve you in the best way I know how.

Dan Mayfield

I think that the main qualification for being a Chaplan is that I should have a spiritual life committed to God and to the futherance of His Kingdom. I praise God, that through His grace I have been saved and sanctified and devoted to His will. I pray that if elected I will do the best job a christian can and should do.

Student Council

Ronda Gowan

Major: uncertain

My qualifications as being Student Council Representative are: I am willing to take any petitions of my fellow freshman classmates to the coucil and represent them.

My Junior year in high school, I participated in Forensic meets which helped me in oratory representation. In high school I was also given the honor of being selected as a Girls State Representative.

I try my best at all I do and I take my responsibilities seriously.

John Hay

If I were asked to shorten my platform statement into one phrase it would run like this: Responsible, involved, and productive representation, along with the vital feedback, for my fellow Freshman.

this, and since it is an oversimplification, I'd like to expand on that idea. There are several areas that I feel should be changed and improved.

In past years Freshman representatives, for reasons of insecurity, inexperience, or lack of responsibility, have taken a passive, back-seat "rookie" role in Student Government. I pledge not only to be in attendance at all meetings and activities, but to take an active, responsible role in these areas. There is no reason for Freshman to fall behind just because we are younger. Some Representatives have come on strong at first, but died off after the pomp and excitement of the elections had ended. I pledge the Freshman a full year of constant dependability in Government. Dependability gives one a bigger voice in A.S.G. In the past, again, too many representatives have been stereotyped. Unoriginal plans, over-used, and abused, ideas add to the dead weight on the council. I feel like having served actively in Student Government at a large high school, that I have accumulated many ideas and a good knowledge of the workings of Student Government. I feel that my input into A.S.G. would be useful and effective. Too many times representatives leave their class members "out in the cold" after the election. I will post a record of my voting activities, and involvement, along with vital information of the meetings and "whys" following every council meeting on each floor of the Freshman dorms. You will be able to contact me for ideas, explanations and questions at any time. Representation without feedback is no representation at all. Give me your vote of confidence and I will serve you responsibly in Student Government this year.

My name is Janice Love. I am from Glen Ellyn, IL. My major is Nursing. I like meeting people and getting involved in activities. I really would like to see the Freshman class contributing to the campus life and making an impression on the rest of the student body. Even though we are freshman I feel we have a lot to offer! Last year I was Senior Representative for my youth group. I have worked on banquet and fund-raising committees. I have also worked on Homecoming committees at my high school. I am running for Student Council Representative. I hope you will vote for me.

Carol Towne

Major: Nursing

Minor: Social Welfare

Carol Towne is seeking the position of student council representative.

Carol has been active in both school and church government. In high school she was a member of the student council for one year, during that year she did her best to see that the students' needs were brought forth.

involvement in church government has given unlimited experience. She has represented her church at many conventions and seminars. One year she served as vice-president of the local Missionary society and the next year served as president. Serving as representative on her district missionary council, Carol had the opportunity to represent over 1500 youth, accomplishing the goals the district set before her.

By meeting all kinds of people and getting involved as much as possible these first few weeks at Olivet, Carol has come to know many of the wishes and goals that the freshmen have. She is willing to do the best job she can to represent the freshmen, and make this year at Olivet a great one for herself and her classmates.

Social Comm.

My name is Penni Blohm a candidate for Freshman social comitee. I am from Gibraltar, Michigan, a small town outside of Detroit. I feel that my past experiences qualify me for this office. For 5 years I was a cheerleader and planned the assemblies. My senior year I was voted in as the m.c. for all pep rallies. As secretary of Student Council I participated in many activities: Homecoming and prom comitees. Also, I planned sports banquets for the Girls Atheletic association. I was in this club for 4 years. During my senior year I was elected to be a counsler for a 6th grade camp, in which I had to plan daily activities and teach. It was an Outdoor Education Camp. I was secretary of my class. I was a member of National Honor Society. At our high school commencement I was awarded the Female Leadership Award of my class.

I am majoring in nursing here at Olivet and then I would like to recieve my C.R.N.A. degree.

If elected, I would work to my fullest to help make this a successful year for all students.

I, Julie Brandt, am running for Social Committee. I feel I am qualified for the position. My past experience has been in church functions such as planning parties, outings, and other special programs. I am willing to take the responsibility that goes along with being on the Social Committee. Thank you, Julie Brandt.

Brenda Greenlee

I feel that I am well qualified to be a social committee representative for the Freshman class.

I was actively involved in many high school activities such as clubs, plays, and honorary societies. In my home church I was active in Junior church, VBS, quizzing,

COLLEGE CHURCH

Rev. Draper, Pastor

10:50 Morning Service
6:00 Evening Service

IMPACT, and other areas of service. More importantly, however, I plan to be even more involved in life here at ONC. Through Social Committee, I hope to make this year at Olivet better for myself and others.

My name is Mary Hunter and I feel qualified for Freshman Social Committee because I really enjoy being around people, doing things for others, and giving of myself to people.

I haven't had much previous experience on a social committee but I've been youth president for one year and have been chairman of the program committee for N.Y.I.

In school, I was actively involved in a off-branch of Campus Life called Spiritual Life.

I really haven't had much experience, but I'm willing to get in there and roll up my pant legs and work for the Freshman class, so that we can be able to stand up with pride when we're the head of a social function on campus.

I feel that Bill Johnson is extremely well qualified for the Social Committee. He has been brought up in a Christian home and has been a Christian himself for almost six years.

Bill has been involved with various obligations within his church, such as: helping out in VBS, singing and traveling with the district IMPACT Team, being a counselor at a Nazarene Youth Camp, going to Barbados to help build a church for the missionaries, managing the church softball team, singing and participating in church plays, cantatas, choir, specials, and much more.

In school Bill graduated with a 3.87 average and participated in the following activities: football, track, tennis, band, planning committees, class representative, and yearbook staff artist. (Bill was chosen out of his entire student body to choose the theme, design the cover, and complete six full pages of artwork in his 1977 high-school yearbook.)

Already Bill has been involved at Olivet by designing the Fall Activities Calendar

and completing many posters around campus advertising ONC's activities.

Bill also has a great personality. He is fun to be with and full of laughs at times, but he also knows when to be serious, and get down to business. He is hard working, and always ready to lend a hand where needed.

I talked to Bill about some of his ideas for the social committee, they sounded great!

Though his past experiences and involvements with others, I feel that Bill Johnson would be a tremendous asset to the entire student body.

Hi! My name is Lynn Lambert and I'm a candidate for the Social Committee. I am from Grand Rapids, Michigan and my major is nursing. I have good qualifications for the social committee and if I'm elected I will do all I can to make this year's social activities enjoyable and well planned. While attending my home church in Grand Rapids I was in our young peoples society. I was a member of the young peoples social committee and enjoyed planning many exciting parties and activities. Last summer I worked in a nursing home as a nurse's aid. In my spare time I would plan social activities in order for the patients to get to know one another and to have a good time. I can't find the words to describe the way I felt when I heard a faint laugh or saw a smile from one of the patients that I so desperately tried to bring joy.

The social contacts and social activities of each individual are so important. If I am elected I will do my best to make your social activities some of the best you have ever participated in at Olivet.

Charlene Miller is running for a position on the Social Committee.

Her qualifications include active participation in the following organizations; cheerleading, pom pom girls, National Honor Society-secretary, pep club, yearbook staff-treasurer, Business Club-secretary, Drama Club-secretary, Future Teachers of

America, Girl's Athletic Association-secretary, and track team.

She also has been involved with high schools musicals and Junior-Senior plays.

Charlene plans to major in business education and minor in physical education.

Hi, I'm Leslie Osborne, one of the candidates running for Social Committee.

A few of the things I've done that are qualifications for the position for which I'm running are that I planned all the activities for CYCP (Concerned Youth for Cerebral Palsy) in the three years I was president. I also planned parties for Junior Achievement and for my churches in Rockford and Pekin. I hope you vote for me because if I am elected I will try to make our Freshman year at Olivet the best year yet.

Greetings, I am Vera Williams from Detroit, Michigan. My major is Christian education and my minor is elementary education. I count it as an honor to be a candidate for the Social Committee of the freshman class. I have enjoyed it here thus far and am looking for more great things in the Lord! I am quite sure that the first question on your mind is, "What can you do and what are your qualifications? First, let me state that I would not try if I felt that I could not meet my obligations. In my church I was bulletin board chairman and the social activities for the youth. In high school I worked with ways and means also. Some of you might say, "Well, that is not much." Let me say to you when you work with something for so long it just sticks to your ribs. So go to the booths and remember Vera Williams is yours!

Sandi Zackmire- candidate for social committee.

I am from Shawnee Mission, Kansas, a suburb of Kansas City. My major is Medical Technology. I feel I am well qualified for the office of social committee. I served for a year on the Johnson County Nazarene Zone Council. This council plans all the youth activities for the zone. I have also been on the youth council at my local church for 2 years. Here, we also planned for the youth activities. As a member of the National Forensics League at my school, I helped plan debate and forensics tournaments. I was active in pep club for 3 years at my high school. If elected, I would work hard to help make this a good year socially.

Pam Andress

Qualifications: 2 years class treasurer, 1 year Student Council, 1 year Vice-President for N.Y.I., Campaign Manager for 2 years for Campus Life Youth to Christ Sweetheart Canidated. The second year I was manager for the Sweetheart Queen. National Honor Society for two years.

Over-Education in Work Force

Washington, D.C. -- A Commerce Department official said recently that by 1985 the supply of college-educated persons may exceed the demand for them in the work force by 8 million. One way to open up the work force is to give workers more options in their work life, according to the official. Some people may want to take more vacation and a cut in pay which could give someone an opportunity to have work.

Possibilities include options that could alter the traditional life-work pattern that begins with schooling, intensive work and then retirement. People in the middle may choose to take an extended leave of absence or a trade-off between their income and vacation time. An example of an income/vacation trade-off is an employee under one current program whose annual income is normally \$16,000. By trading income for vacation time the employee could work only nine months and still earn \$12,800.

Another work alternative being studied is job sharing. Under this arrangement two people share one job by either dividing responsibilities, working on different levels of the job or by working together to get the job done.

Women's 'O' Club-Project

Decorating a new varsity room, sponsoring a car wash, and selling license plates are projects that the women's "O" club expect to accomplish within the next few weeks.

A room in Birchard gym has been obtained by the club to make into a varsity room. This room will be used to entertain visiting teams after games and also for meetings and pep talks before games.

To fund this project, last year the women held a car wash at the Shell gas station in Meadowview shopping center netting approximately \$150.00 profit. This year the car wash is scheduled for Saturday, Oct. 1, from 9-5.

An additional fund raising project includes selling "Olivet Nazarene Tiger" license plates. The women will have booths at home football games and during Homecoming where they will be sold for one dollar each.

Women's "O" club membership is open to any female participant in an intercollegiate sport; tennis, volleyball, basketball or softball, and all cheerleaders. The club is in the process of changing its constitution to allow women on intramural teams to be members. This would increase the membership and the effectiveness of the club.

Ed. note: All copy was printed as submitted by the candidates.

Social events play an important part in college life, and the students at Olivet have many activities planned for the upcoming month.

TRUTH, a well-known gospel singing group, will be on campus Monday night, October 3. Sponsored by the Viking Male Chorus, TRUTH will sing in Chalfant Hall at 8:00 PM. Tickets are \$3.00 in advance, and \$3.50 at the door.

October 7 will bring many high school students to the Olivet campus for the annual "Red Carpet Day." Students from all over the ONC educational zone will be visiting.

SOCIAL EVENTS

Two years ago, ONC sponsored a group called, JEREMIAH PEOPLE, a unique collection of young people who share the gospel in a very special way. JEREMIAH PEOPLE will again bring their drama and music to our campus on Friday night, October 14, in Chalfant Hall. The tickets will be \$2.00.

The WRA and MRA Hayride is scheduled for Saturday night, October 15. All members are welcome.

The month of October brings Halloween to us, and the social committees have many activities planned for this holiday. The junior class will sponsor a Halloween party for October 22, which will include, among other things, a horror film, a haunted house, apple cider and donuts. October 29 is trick-or-treat in the dorms. A party sponsored by the freshman class will include games and a costume contest.

First Meeting of English Society

"A society of English Honor Students whose function is to promote the study of literature, enjoyment of literature, and presentation of literary works to people involved." This is the purpose of Sigma Tau Delta according to the organization's President, Richard Wright.

This organization, which is sponsored by Professor Gunnell Jorden, consists of approximately twelve students who meet the following requirements for membership: 1. The student must have participated in at least two literature courses totaling 6 hours. 2. The student must have a 3.2 grade point average in English. 3. The student must be majoring or minoring in English.

The officers of Sigma Tau Delta are: Richard Wright, President; Robyn Markley, Vice-President; Jeri Sue Petrie, Secretary; and Lawrence Brookshaw, Social Chairman.

The first meeting of the school year was held on Friday, Sept. 16 in room 413, in which Richard Wright outlined upcoming club activities for members, and for all-school participation.

Projects for Missions

The Spiritual Life outreach program, AWARE, student directed by Manuel Chavier, is sponsoring three fund-raising projects for missions this year. Reaching out to missions in foreign countries is important, but AWARE has also recognized the need within our own educational zone.

Money received in the chapel offerings taken every Wednesday will go to the Chicago Project. Rev. Gilbert Keah is pastor of the Ingleside Church of the Nazarene on the south side of Chicago, and director of a community outreach program there. The program includes a Day Care center, juvenile delinquent home, low-income housing, and services for the elderly.

Rev. Leah's church is in the process of moving to a new location which will include a walk-in counseling and recreational center for youth and young adults. The money raised in chapel offerings this year will help to furnish and remodel this new center.

"The center will provide another inlet through which Christ can be presented. Many people walk the streets of Chicago without any purpose, looking for someone with whom they can talk to," said Manny. AWARE will sponsor student soluteers to help in the center.

The second project sponsored by AWARE this year will be "Prayer and Fasting" for missions. There will be five prayer and fasting days throughout the year and money saved each time will go to a different foreign country.

For every student who signs up a week ahead of time and does not eat lunch on the designated day Saga will give the money saved to the mission project. If 1400 students fast for one meal, approximately \$500.00 will be sent to missions.

On Sept. 30, Mrs. Jorden will accompany society members to the weekend Christian Writer's Conference at Wheaton College, Wheaton, Illinois.

Plans were also made for club members to attend a Shakespearean drama, either in Chicago or at the University of Illinois campus in Urbana-Champaign.

This year's goals involving the entire school include the annual book sale, the engagement of a prominent figure to speak on campus, and the presentation of films. For the latter, a film-selection committee was appointed, consisting of Kim Dalton, Venita Zollo, and Kim Waite.

The club is investigating the feasibility of co-sponsoring a dramatic production with the Drama Department. In addition, Sigma Tau Delta intends to sponsor an all-school literary magazine featuring student's writing--poetry, short stories, and prose.

What are the benefits for those students involved in this national organization? Richard Wright says, "It is a promotion of what you really enjoy doing."

The third AWARE project will be announced in chapel this week. For further information on the AWARE projects this year, contact Manny Chavier at the Spiritual Life offices in Ludwig Center.

Michael Omartian - Adam Again

In an idiom where mediocrity seems prevalent, it is comforting to know that there are a few dedicated purists who hold high lyrical and musical standards. The idiom is Jesus-rock and the purist is Michael Omartian. Omartian has firmly established himself as rock's "behind-the-scenes" most talented and respected keyboardist/composer/arranger/orchestrator/conductor. Examples of his work can be found on such albums as "Still Crazy After All These Years," Paul Simon; "Best of Friends," Loggins & Messina; "Love Broke Thru," Phil Keaggy; any of 2nd Chapter of Acts LP's, and countless others.

The mandatory ingredient for Jesus-rock is God-centered lyric. Stormie Omartian, Michael's wife, provides lyrics with strong roots in Christian tenet. Her capabilities in symbolic poetry are exploited through such cuts as "Adam Again," and "See This House." Her subjects involve everything from a sarcasm on the absurdity of astrology ("Whachersign") to a warning of the second coming of Jesus Christ ("Here He Comes"). Ms. Omartian also provides noteworthy background vocals on several tunes.

All composing, arranging, orchestrating, conducting, keyboards, and lead vocals are

Student Council Retreat

Student Council attended the annual fall retreat for the Associated Student Government last weekend in hopes of preparing themselves spiritually and mentally for their responsibilities this school year. This was accomplished through various seminars, rap sessions, and fellowship between faculty and students.

There were four seminars held throughout the weekend; three of them on campus and the fourth at camp Shaw-waw-nas-see. Dr. J. Ottis Sayes, Student Council advisor, presented the first on "Parliamentary Procedure." Dr. Leslie Parrott then spoke on the topic "The Role of

Student Government" which was followed by "Value Variables" given by Dr. Joe Nielson. The final seminar, presented by Dr. Lowell Flint, was entitled "Listening with Ears, Eyes, and Heart."

Following dinner at the Parrott's home Friday night, a question and answer period was held with Dr. Parrott and Rev. Ted Lee on the topics of football, faculty-student relationships, and the role of chapel in student life.

Some of the social events of the retreat included a film "One Step Over the Edge" and a volleyball game in which Rev. and Mrs. Lee and Dean Grover Brooks displayed

their "unusual" athletic abilities.

The retreat ended Sunday morning with a worship service led by Rev. Lee and communion administered by Dr. Sayes. The retreaters then returned to campus to fulfill their retreat motto, "Reaching Out to Serve."

Student council member Ted Wozniak commented, "The retreat presented an excellent opportunity for me to get to know each of the council members better. I also grew to appreciate the concern that the faculty members have for the Student Council, and more importantly, the student body."

Information on White House Fellowships

Applications for the fourteenth nationwide competition for the 14-19 White House Fellowships awarded each year, will be available after August 1, 1977.

Established in 1964 by President Lyndon B. Johnson, this non-partisan program is designed to give outstanding rising young leaders one year of firsthand high-level employment in the Federal Government as well as a comprehensive educational seminar. In addition to their job assignments as special assistants to the Vice President, Cabinet Secretaries, and principal members of the White House

staff, the Fellows participate in an extensive seminar program consisting of off-the-record sessions with top government and private sector leaders, journalists, scholars, and foreign officials.

The program is open to U.S. citizens. Employees of the Federal government are not eligible with the exception of regular members of the armed services. There is no occupational restriction. Those who have been selected have included scholars, engineers, corporate employees, academic professors and administrators, medical doctors, architects, local public officials, lawyers,

oceanographers, a policeman, and a symphony conductor.

Proven leadership, intellectual and professional ability, high motivation, and a commitment to community and nation are the broad criteria employed in the selection process.

Application materials and additional information may be obtained by sending a post card to The President's Commission on White House Fellowships, Washington, D.C. 20415 or by calling (202) 653-6263.

Requests for applications must be postmarked no later than November 15, 1977.

Olivet Falls to 0-3

ONC hitmen make gangland tackle

BESTS BY-LINE

By Rod Best

Is winning everything? I am sure most of you would say no. Well Olivet has dropped to 0-3 in football the question arises how much fan support have they lost? I hope that we as fans will continue to stand behind our team. It should be realized that as a new program we are not going to be giant killers, nor should we expect to be.

The team works hard everyday and after a loss they should not be subjected to unfair criticism. Hind-sight is a great weapon to use in an argument but it does not matter one bit before a contest. Just remember football is a great way to spend a Saturday afternoon.

Now that we have established the fact that "winning is not everything," "everything is not winning!" So far Olivet's fall sports are off to a dismal start. Football is 0-3, cross-country is 0-5, golf is 0-4 and women's tennis is 0-2. That leaves us 0-16 overall. The season is still early and we have a great coaching staff here at Olivet. Have no fear the Tigers will rebound. So stay behind our teams, they need us!

Here is a closing thought for all the tennis buffs on campus. Wouldn't it be great if the courts had some new nets? It does not help your game if you have to hit the ball over a net that is 3 or 4 inches to low or vice versa. I am sure some new nets are on the way right now. Another idea that has been in the wind deals with new tennis courts possibly situated between Gibson and Howe halls. Oh well, just a few passing thoughts.

ONC Linkmen in the Rough

Olivet's golf team placed fourth in their last meet against Rockford, Aurora, and I.B.C.

Rosing led Rockford to a first place taking a medal with a fine score of 76. The Tigers were again led by medalist Don Ling who shot a round of 80. Aurora and I.B.C. placed second and third respectively.

Coach Jim Stocks commented that, "the team just has not had the time to jell because of the short season. Also the lack of strong players have hurt the team this season."

Olivet's linkmen will try to better their 0-2 record when they play the same four teams on October 6 at Aurora.

Women's Tennis Rebuilding

The women's tennis team was shut out yesterday by Trinity Christian College. The women were trying to post their first victory but leftdeerfield Illinois defeated by the score of 8-0.

All of the matches were close and this is a rebuilding year with only two returning letterwomen. The number one and two seeded players, Donna Oxner, and Joy Garter are sophomore and freshman respectively. Hopefully the team will show steady improvement as the season progresses.

Olivet went down two times over the past two weekends. Once to a tough veteran team from Milton College and the second time to a small but scrappy team from Watertown, Wisc., namely Maranatha Baptist Bible College.

Against Milton the Tigers scored 16 points with the offense looking like it was beginning to mold. Milton scored first on a solid drive on its first series and by half time the score was 20-0. Olivet scored in the third quarter with Roger Davis bulling over from the one. The two point conversion was good and Olivet trailed 26-8.

Fired up by the touchdown the Tigers again scored with 7:14 left in the game. Alas, it was to little to late and Milton went on to win 32-16.

The men in purple and gold then traveled to Watertown, Wisconsin to face the Crusaders of Maranatha. Soaked from a heavy downpour the night before the field was soggy and slow. Neither team was able to score until Olivet fumbled on its own 30 yard line with Maranatha recovering. The Crusaders were not able to move the ball and Steve Dalby was called on to attempt a field goal, the kick was good and Maranatha

had what proved to be the winning points. Olivet's defense played a tough game, but the offense just could not seem to move the ball consistently. The Tigers fumbled the ball 8 times losing 5 of them. Maranatha fumbled 3 times losing all 3.

With the clock down to 1:32 to go Olivet started its final drive of the game. It began on their own 10 yard line and moved down to the opposition's 42 yard line. With six seconds remaining on the clock the Tigers called Doug McLean in to attempt a 52 yard field goal, the ball fell short and with time gone the Tigers of Olivet lost 3-0.

Volleyball Opener Away

Olivet's women's volleyball team opens its season today as it travels to Eureka to compete in a best of three contest against Eureka and Illinois State.

The women will first play Eureka and no matter the outcome they will then play Illinois State. Each contest will be the best of three, so conceivably the Tigress' could wind up 2-0. The first home game will be Thursday against St. Francis College at 6:00. Let's turn out and give the women our support.

Junior Class Victorious

The day started out overcast and gloomy, but by mid-day the sun broke through and gave the football teams representing Olivet's different classes a chance to play. In the first set of games the Senior class walked off with a 20-0 victory over the inexperienced Freshmen. Scoring for the Seniors were Jeff Wood, Randy Smith, and Jim Essary. Mark Maish and Jeff Wood also scored the extra points.

In the other game the Junior class won in a squeaker over the Sophomores 12-6. Dan Taylor and John Kring scored for the Juniors and Ted Wozinak scored the lone touchdown for the Sophomores.

The consolation game was won by the Freshmen, who surprised the Sophomores 19-6. Finally in the championship game the Juniors out-muscled the Seniors by a score of 18-0. Randy Gee, John Kring, and Duane Stewart all scored for the winning team. All in all it was a good day for the sports activities of another Ollie Follies at ONC.

Tiger Backfield gets roughed up

X-Country Crossed Up

Olivet's cross-country team just has not been able to get out of the starting blocks this year. On September 17, the Tigers were to travel to Trinity College to run in a meet that would amount to half of the NIIC season. To Coach Ray Morrison's dismay, only three runners made the trip. With just three runners to compete, ONC was forced to forfeit.

Illinois Benedictine College and Trinity College dominated the race, combining to take the first eight places. When the final scores were tallied IBC had edged out Trinity for top honors 25-30. Concordia finished third for a 3-2 record, followed by Aurora at 2-3, Judson at 1-4, and Olivet at 0-5.

Despite the forced forfeiture, the Tiger trio ran in exhibition. Freshmen Mark Montgomery ran to a ninth-place overall finish, with a 22:34 clocking over the four-mile course. Morrison was quick to note that Montgomery was the first of the freshmen runners in the conference to finish the course. Don Welton was 15th in 23:19

and Dean Farmer placed 26th in 25:29. Although disappointed with the situation, Morrison remains optimistic. In an effort to offset the lack of manpower, Morrison has added three new runners to the squad. All freshmen, they are Mike Czup, Mark Sturgeon, and Sim Rodgers.

If the meet at Trinity was not enough to give Morrison a few gray hairs, the continued misfortune of the Tigers on Saturday surely was. The Tigers, with the renewed "esprit de corps," were ready to compete in the Northeastern Illinois Invitational. However, on the way to the meet, the team was caught in a two-hour traffic jam on the Kennedy Expressway near Chicago and never reached their destination.

However, the Tigers are not ready to give up yet. Overcoming scheduling problems, the Harriers will meet St. Xavier, Tuesday in an away meet. On Saturday October 1, the team will compete in the 15 team Spartan Invitational at Aurora College.
